

Mission Partner GIVING

ONE TEAM • ONE SPIRIT • ONE MISSION

WHY I GIVE

Tina Drummond

POSITION: Certified pharmacy technician

TEAM: OSF Pharmacy

LOCATION: OSF HealthCare Sacred Heart Medical Center, Danville

I'm blessed with a career I enjoy and have been a Mission Partner for over 34 years. I've known customers for decades and multiple generations. I enjoy those friendships and hopefully have built a trusting bond by providing health care.

It's a good feeling to give back and share my blessings with others across the Ministry. I like to help when I can and give to an area that feels right. I believe in helping and caring for people in a way that would please God. It's important to give when possible and think of others first.

What goes around comes around, and your gift may help someone close to you one day.

Many years ago, my family and I needed help. We received assistance through the kindness of others, and it was GREATLY appreciated. Mission Partner Giving is a way I can help others in a time of need.

ONE DONATION *can make all the difference!*
