

OSF HealthCare Saint Luke Medical Center

About Us

Founded in 1919, OSF HealthCare Saint Luke Medical Center is a 25-bed critical access hospital in Kewanee, Illinois, serving the rural residents of Henry and Stark counties. It is part of OSF HealthCare, a Catholic health system with 18 inpatient facilities serving Illinois and the Upper Peninsula of Michigan, driven by a Mission to serve with the greatest care and love.

OSF Saint Luke provides a broad range of acute care and outpatient services, including a variety of specialist, emergency, rehabilitation and diagnostic imaging services. In 2025, OSF Saint Luke earned a five-star rating from the Centers for Medicare and Medicaid Services (CMS) and the National Rural Rating System (NRRS).

Transforming Care

OSF Saint Luke is growing the care we can provide locally by adding more specialty services like orthopedic and general surgery, and partnering across our region to make it easier for people to get the care they need. By working together across a larger footprint, we're strengthening access and

supporting our regional strategy to provide high-quality care close to home.
