

# CIL-CARP Planning Gap Assessment

## 09/14/2022

### EMA

- Excellent training
- Great location

### EMS

- Add CEU's for attending

### Hospital

- Redundant communication training
- Great location at Northwoods
- Good presentations

### LTC/SNF/LTAC

- Good discussion topics
- No location preference
- Please have more LTC focused topics

### Public Health

- Technology glitches
- Nice Venue
- Location was very nice – large rooms
- Still would like the forensic epidemiology training
- Response (county level vs. regional)
  - How to account in play
  - Training on what can/should be requested on the regional level
- Great location
- 1<sup>st</sup> time but loved this location

### Other

- Violence: Legal process when a patient threatens a healthcare worker
- Mental health and emergencies
- Respond time
- Community drills (emergency/disaster preparedness)
- Community drills (not all disciplines get invited)
- Collaboration/training between counties and various healthcare teams
