Introduction

Saint Anthony College of Nursing ("the College") is committed to creating and maintaining an atmosphere at the College in which the administration, faculty, students, staff, College Board and volunteers may work, interact and learn free of all forms of harassment, violence, exploitation or intimidation.

Preparation of the Crime Statistics

The Dean of Institutional Effectiveness, Assessment, and Accreditation prepares the crime statistics report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site on the [Consumer Information page](#). This report is prepared in cooperation with the local law enforcement agencies.

Campus crime, arrest and referral statistics include those reported to the designated campus officials (including but not limited to deans, advisors to students, and student organization), and local law enforcement agencies.

Each year, an e-mail notification is sent to all enrolled students that provides the web site to access this report. Faculty and staff receive similar notification. Copies of the report may also be obtained through the Dean, Support Services. Potential students are provided with a link to the Annual Security Report (ASR) in correspondence that is sent out in response to their inquiry.

CLERY REPORTING GEOGRAPHY DESCRIPTIONS

On Campus

Definition: Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls.

For SACN, these locations include:

Main Campus: Health Sciences Center 3301 N. Mulford Road Rockford, IL 61114	Parking Area: Rock Valley College Parking Lots 3B and 4
--	---

Non-Campus Buildings or Property

Definition: Any building or property owned or controlled by a student organization that is officially recognized the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

For SACN, this includes locations where some BSN and RN-to-BSN courses are offered:

Guilford Square (GS) 698 Featherstone Drive Rockford, IL 61107	OSF Little Company of Mary (since 2020) 2800 W 95 th Street Evergreen Park, IL 60805
--	---

Anyone interested in seeing Rock Valley College's ASR may do so at <https://rockvalleycollege.edu/campus-services/campus-police/index>

Public Property

Public property includes thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Retrieval of Crime Statistics

The following sources were consulted in order to compile SACN's crime statistics:

- SACN Dean for Support Services
- SACN Student Services Supervisor
- Rockford Police Department
- Rock Valley College Campus Police
- OSF Little Company of Mary Security Supervisor

SACN CRIME STATISTICS

Type of Offense	On-Campus			Non-Campus			Public Property		
	2021	2022	2023	2021	2022	2023	2021	2022	2023
Criminal Homicide									
Murder/Non-negligent Manslaughter	0	0	0	0	0	0	0	0	0
Manslaughter by Negligence	0	0	0	0	0	0	0	0	0
Sex Offenses									
Rape	0	0	0	0	0	0	0	0	0
Fondling	0	0	0	0	0	0	0	0	0
Incest	0	0	0	0	0	0	0	0	0
Statutory Rape	0	0	0	0	0	0	0	0	0
Other Offenses									
Robbery	0	0	0	0	0	0	0	0	0
Aggravated Assault	0	0	0	0	0	0	0	0	0
Burglary	0	0	0	0	0	0	0	0	0
Motor Vehicle Theft	0	0	0	0	0	0	0	0	0
Arson	0	0	0	0	0	0	0	0	0
VAWA Offenses									
Dating Violence	0	0	0	0	0	0	0	0	0
Domestic Violence	0	0	0	0	0	0	0	0	0
Stalking	0	0	0	0	0	0	0	0	0
Arrests									
Weapons: Carrying, Possessing, etc.	0	0	0	0	0	0	0	0	0
Drug Abuse Violations	0	0	0	0	0	0	0	0	0
Liquor Law Violations	0	0	0	0	0	0	0	0	0
Disciplinary Actions									
Weapons: Carrying, Possessing, etc.	0	0	0	0	0	0	0	0	0
Drug Abuse Violations	0	0	0	0	0	0	0	0	0
Liquor Law Violations	0	0	0	0	0	0	0	0	0
Hate Crimes	There were no hate crimes reported in 2020, 2021, or 2022.								
Unfounded Crimes	There were no unfounded crimes in 2021 or 2022. There was one unfounded crime in 2023.								

Note. SACN does not have on-campus student housing facilities, so that column is not included in this table.

ISSUING TIMELY WARNINGS

In the event that a situation arises, either on or off campus, that, in the judgment of the President or his/her designee, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the college e-mail and texting system to students, faculty, and staff.

Depending on the particular circumstances of the event, especially in all situations that could pose an immediate threat to the community and individuals, the President or his/her designee may also post a notice on the campus-wide electronic bulletin board on Canvas, providing the college community with more information, as appropriate. The electronic bulletin board is immediately accessible via computer by all faculty, staff and students. Anyone with information warranting a timely warning should report the circumstances to the President’s office, by phone (815-282-7900 X27608) or in person at the main campus reception desk (3rd Floor Administration Area).

Saint Anthony College of Nursing has worked with Rock Valley College (RVC) Campus Police to develop a Building Emergency Action Plan to coordinate efforts in the event of an emergency. If such an event did occur on the RVC Campus, both SACN and RVC would be responsible for issuing a timely warning to their own set of students. SACN will continue to monitor and address any concerns that occur on our non-campus facilities (Guilford Square).

VOLUNTARY CONFIDENTIAL REPORTING

A student who is a victim of a crime and does not want to pursue action within the College system may still want to consider making a confidential report. With the student’s permission, the Dean of Support Services can file a report on the details of the incident without revealing the student’s identity. The purpose of a confidential report is to comply with the student’s wish to keep the matter confidential, while taking steps to ensure the future safety of others. With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Limited Voluntary Confidential Reporting

The College encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the College cannot hold reports of crime in confidence.

SECURITY AND ACCESS

Access

Access to the building at Rock Valley College (RVC) is based on the individual community college needs. However, access to specific classrooms, labs and offices at Saint Anthony College of Nursing is based on the College’s academic calendar and hours of operation. Offices have key-card access. During off-hours

for Guilford Square or the current main campus (on the RVC campus), card or key access is required for entrance.

Security

Security of the main campus is provided by RVC Campus Police. All incidents of suspected criminal activity or security concern should be reported to SACN's Dean, Support Services and RVC Campus Policy, as both colleges need to file reports and respond appropriately. In an emergency situation, faculty, staff and students may use the emergency phones that are available throughout the campus or call 911. Saint Anthony College of Nursing does not have a written Memorandum of Understanding with RVC for security, however, it is part of the lease agreement that RVC provides general maintenance and security for the Health Sciences Center (HSC), which includes SACN's main campus.

RVC Campus Police do have arresting authority for action taken on or near the campus. They also assist with enforcement of restraining orders on campus.

Security at the Guilford Square location is handled through the Rockford Police Department. All incidents of suspected criminal activity and/or security concern should be reported to SACN's Dean, Support Services in an emergency situation, faculty, staff and students should call 911.

Maintenance

Building maintenance at the main campus is provided by RVC Plant Operations and Maintenance or OSF Saint Anthony Medical Center Facilities Management, depending on the issue. Anyone with a concern should direct their questions to the reception desk in the administrative area on the third floor. Maintenance at Guilford Square is performed by OSF Saint Anthony Medical Center staff, located at the building. Faculty and staff have access to the appropriate person's phone and pager.

POLICY AGAINST SEXUAL MISCONDUCT, DOMESTIC AND DATING VIOLENCE, AND STALKING

The Policy Against Sexual Misconduct, Domestic and Dating Violence, and Stalking was reviewed by the Leadership Team on September 29, 2022. Minor changes related to formatting and title changes were made. The Policy will go to the Faculty Governance Committee for review, then to the Academic Standards Committee of the Board before being presented to the full Board for review. Additional changes may occur during that process. The policy, as explained below, is based on what is current and fully approved by the Board.

Saint Anthony College of Nursing ("the College") is committed to creating and maintaining an atmosphere at the College in which the administration, faculty, students, staff, College Board and volunteers may work, interact and learn free of all forms of unlawful discrimination and harassment, including, sexual misconduct, exploitation, retaliation, or intimidation.

The College prohibits discrimination based on sex, which includes sexual harassment, sexual assault, dating violence, domestic violence, and stalking under this Policy.

Accordingly, this Policy applies to all forms of sexual harassment, including sexual assault, dating violence, domestic violence, sexual or gender-based stalking by or against college community members that occurs in the context of a college program or activity or in the context of admission or employment. Sexual harassment is a violation of Title IX of the Education Act Amendments of 1972 (and its implementing regulations), which provides, in pertinent part:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance . . .

Sexual harassment also may constitute a violation of other federal, state and local law, including Title VII of the Civil Rights Act of 1964 and the Illinois Human Rights Act. The College will not tolerate, condone or subject anyone to such harassment. In addition to being illegal, sexual harassment violates the dignity of the individual and the integrity of the College as an institution of learning and all College policies, practices, and procedures are administered in a manner consistent with our Catholic identity.

Further, the College does not tolerate sexual assault, sexual violence, domestic violence, dating violence, or stalking, regardless of whether these acts are based on an individual's sex. Domestic violence, dating violence and stalking are crimes in Illinois and are subject to criminal prosecution.

Academic freedom can exist only when each person is free to pursue ideas in a non-threatening, non-coercive atmosphere of mutual respect. The College is therefore committed to fully investigating and addressing any instances of sexual harassment, sexual assault, domestic or dating violence and stalking of which it receives notice and that occur in the context of a college program or activity. Students found to have engaged in such acts will be subject to disciplinary action, up to and including expulsion. And employees (referred to as "Mission Partners") found to have engaged in such acts will be subject to disciplinary action, up to and including termination.

Jurisdiction

This Policy applies to everyone who is a part of the College community, including students, Mission Partners, visitors, volunteers and contractors, regardless of sex, sexual orientation or gender identity. It includes conduct occurring on campus, as well as conduct occurring off campus that is related to the College's programs or activities, or which may create a hostile environment on campus or in a college program or activity, and where the College has substantial control over the Prohibited Conduct and the respondent accused of having committed the Prohibited Conduct as defined in this Policy.

When the respondent is an enrolled student or Mission Partner at the College, the procedures outlined in Section V of this Policy apply. Where the respondent is a third party or other non-College affiliated party, the College will offer and implement supportive measures to the complainant consistent with the goals of this Policy, which may include reporting the conduct to law enforcement, as appropriate.

Prohibited Conduct

Saint Anthony College of Nursing prohibits the following acts: sexual assault, sexual exploitation, sex-based harassment, gender-based harassment, sexual harassment by a higher education representative, hostile educational environment (applicable to sexual harassment), domestic violence, dating violence, and stalking.

TERMINOLOGY

Throughout this Policy, the term "complainant" is often used to denote an individual who is alleged to have been victimized by conduct prohibited under this Policy, including sexual harassment. Likewise, the term "respondent" is, at times, used to denote the individual alleged to have engaged in such prohibited conduct. The use of these terms is consistent with the language of the Violence Against

Women Reauthorization Act of 2013 and Title IX and should not be construed as a pre-judgment as to whether a violation of this Policy occurred.

Finally, the term "Mission Partner" is used throughout this Policy and is intended to include all faculty members, administrators, staff and other employees of the College.

Consent

"Consent" must be informed, voluntary and mutual, and can be withdrawn at any time. There is no consent when there is force, expressed or implied, or when coercion, intimidation, threat or duress is used. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent. Silence or absence of resistance does not imply consent. Past consent to sexual activity with another person does not imply ongoing or future consent with that person or consent to that same sexual activity with another person. Evidence of a prior consensual dating relationship between the parties by itself does not imply consent or preclude a finding of sexual misconduct.

If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature or extent of the sexual situation, there is no consent; this includes impairment or incapacitation due to alcohol or drug consumption that meets this standard or being asleep or unconscious.

Sexual Assault

"Sexual assault" is actual or attempted sexual contact with another person without that person's consent. Sexual assault includes, but is not limited to:

- Intentional touching of another person's intimate parts without that person's consent; or
- Other intentional sexual contact with another person without that person's consent; or
- Coercing, forcing, or attempting to coerce or force a person to touch another person's intimate parts without that person's consent; or
- Penetration, no matter how slight, of (1) the vagina or anus of a person by any body part of another person or by an object, or (2) the mouth of a person by a sex organ of another person, without that person's consent.

Sexual Exploitation

- "Sexual exploitation" occurs when a person takes sexual advantage of another person for the benefit of anyone other than that person without that person's consent. Examples of behavior that could rise to the level of sexual exploitation include:
- Prostituting another person
- Recording images (e.g., video, photograph) or audio of another person's sexual activity, intimate body parts or nakedness without that person's consent
- Distributing images (e.g., video, photograph) or audio of another person's sexual activity, intimate body parts or nakedness, if the individual distributing the images or audio knows or should have known that the person depicted in the images or audio did not consent to such disclosure and objects to such disclosure
- Viewing another person's sexual activity, intimate body parts or nakedness in a place where that person would have a reasonable expectation of privacy, without that person's consent, and for the purpose of arousing or gratifying sexual desire

Sex-Based Harassment

No person may engage in sex-based harassment that creates a hostile environment in or under any

program or activity of this College.

No person who is a Mission Partner or agent of this College (including a student employee) may condition a decision or benefit on a student's or Mission Partner's submission to sex-based harassment.

Sexual Harassment

"Sexual harassment" is unwelcome conduct of a sexual nature, including, but not limited to, unwelcome sexual advances, requests for sexual favors, or other verbal or nonverbal conduct of a sexual nature, including sexual assault and sexual exploitation. Sexual harassment includes Quid Pro Quo Harassment, where a Mission Partner or agent of the College (including a student employee) provides an educational aid, benefit or service in exchange for unwelcome sexual conduct; and, Hostile Environment Harassment, when there is conduct on the basis of sex that is unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectionably offensive that it effectively denies a person equal access to the College's education program or activity.

In addition, depending on the facts, dating violence, domestic violence and stalking may also be forms of sexual harassment. (See Section IV.A "Sexual Assault", Section IV.B "Sexual Exploitation", Section IV.D "Domestic and Dating Violence", and Section IV.E "Stalking".)

Gender-Based Harassment

"Gender-based harassment" is unwelcome conduct of a nonsexual nature based on a person's actual or perceived sex, including conduct based on gender identity, gender expression and nonconformity with gender stereotypes, determined by a reasonable person to be so severe, pervasive, and objectionably offensive that it effectively denies a person equal access to the College's education program or activity.

Unwelcome

Conduct is considered "unwelcome" if the person did not request or invite it and considered the conduct to be undesirable or offensive. Unwelcome conduct may take various forms, including, name-calling, graphic or written statements (including the use of cell phones or the Internet) or other conduct that may be physically threatening, harmful or humiliating. Unwelcome conduct does not have to include intent to harm, be directed at a specific target or involve repeated incidents. Unwelcome conduct can involve persons of the same or opposite sex.

Participation in the conduct or the failure to complain does not always mean that the conduct was welcome. The fact that a person may have welcomed some conduct does not necessarily mean that the person welcomed other conduct. Also, the fact that a person requested or invited conduct on one occasion does not mean that the conduct is welcome on a subsequent occasion.

Hostile Environment

A "hostile environment" exists when sexual harassment is determined by a reasonable person to be so severe, pervasive, and objectionably offensive that it effectively denies a person equal access to the College's education program or activity. A hostile environment can be created by anyone involved in a College's program or activity (e.g., Mission Partners, students, campus visitors).

In determining whether sexual harassment has created a hostile environment, the College considers the conduct in question from both a subjective and objective perspective. It will be necessary, but not enough, that the conduct was unwelcome to the person to whom the conduct was directed. But the

College will also need to find that a reasonable person in the person's position would have perceived the conduct as so severe, pervasive, and objectionably offensive that it effectively denies a person equal access to the College's education program or activity.

To make the ultimate determination of whether a hostile environment exists for a person or persons, the College considers a variety of factors related to the severity, persistence or pervasiveness of the sex-based harassment, including: (1) the type, frequency and duration of the conduct; (2) the identity and relationships of persons involved; (3) the number of individuals involved; (4) the location of the conduct and the context in which it occurred; and (5) the degree to which the conduct affected one or more person's education or employment.

The more severe the sex-based harassment, the less need there is to show a repetitive series of incidents to find a hostile environment. Indeed, a single instance of sexual assault may be sufficient to create a hostile environment.

No higher education representative may make any unwelcome sexual advances or requests for sexual favors to a student.

No higher education representative may exhibit any conduct of a sexual nature toward a student, when such conduct has the purpose or effect of substantially interfering with the student's educational performance or creating an intimidating, offensive or hostile educational environment.

No higher education representative may exhibit any conduct of a sexual nature toward a student when the higher education representative either explicitly or implicitly makes the student's submission to such conduct a term or condition of or uses the student's submission to or rejection of such conduct as a basis for determining any academic decision.

A "higher education representative" includes the president, chancellor or other holder of any executive office on the administrative staff of an institution of higher education, and any member of the faculty of an institution of higher education, including, but not limited to, a dean or associate or assistant dean, a professor or associate or assistant professor and a full- or part-time instructor or visiting professor, including a graduate assistant or other student who is employed on a temporary basis of less than full-time as a teacher or instructor of any course or program of academic, business or vocational instruction offered by or through an institution of higher education or a member of the staff (full-time, part-time or student worker).

Conduct is considered "unwelcome" if the person did not request or invite it and considered the conduct to be undesirable or offensive. Unwelcome conduct may take various forms, including name-calling, graphic or written statements (including the use of cell phones or the Internet) or other conduct that may be physically threatening, harmful or humiliating. Unwelcome conduct does not have to include intent to harm, be directed at a specific target or involve repeated incidents.

Unwelcome conduct can involve persons of the same or opposite sex.

Participation in the conduct or the failure to complain does not always mean that the conduct was welcome. The fact that a person may have welcomed some conduct does not necessarily mean that the person welcomed other conduct. Also, the fact that a person requested or invited conduct on one occasion does not mean that the conduct is welcome on a subsequent occasion.

A "hostile educational environment" includes conduct which is severe or pervasive and which is objectively and subjectively offensive. Conduct is objectively offensive if a reasonable person would find such conduct to be egregious. Factors that will be considered when determining if an environment is objectively offensive include the frequency and severity of the conduct, whether it is humiliating or physically threatening and whether it unreasonably interferes with the student's educational performance.

An "academic decision" includes, but is not limited to:

- Whether the student will be admitted to an institution of higher education
- The educational performance required or expected of the student
- The attendance or assignment requirements applicable to the student
- The courses, fields of study or programs, including honors and graduate programs, to which the student will be admitted
- The placement or course proficiency requirements that are applicable to the student
- The quality of instruction the student will receive
- The tuition or fee requirements that are applicable to the student
- The scholarship opportunities that are available to the student
- The extracurricular teams the student will be a member of or the extracurricular competitions in which the student will participate
- The grade the student will receive in any examination or in any course or program of instruction in which the student is enrolled
- The progress of the student toward successful completion of or graduation from any course or program of instruction in which the student is enrolled
- The degree, if any, the student will receive

Domestic Violence

The term "domestic violence" includes felony or misdemeanor crimes of violence or physical abuse committed by:

- A current or former spouse or intimate partner of the complainant
- A person with whom the complainant shares a child in common
- A person who is cohabitating with or has cohabitated with the complainant as a spouse or intimate partner
- A person similarly situated to a spouse of the complainant under the domestic or family violence laws of the State of Illinois
- Any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of the State of Illinois

Dating Violence

The term "dating violence" includes felony or misdemeanor crimes of violence or physical abuse committed by a person who is or has been in a social relationship of a romantic or intimate nature with the complainant.

Physical Abuse

"Physical abuse" includes, but is not limited to:

- Sexual abuse
- Knowing or reckless use of physical force, confinement or restraint
- Knowing, repeated and unnecessary sleep deprivation

- Knowing or reckless conduct which creates an immediate risk of physical harm

Stalking

“Stalking” is a course of conduct (i.e., a pattern of actions composed of more than one act over a period of time, however short, evidencing a continuity of conduct) directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

Stalking includes any behaviors or activities occurring on more than one occasion that collectively instill fear in a complainant and/or threaten her or his safety, mental health or physical health. Such behaviors and activities may include, but are not limited to, the following:

- Non-consensual communication, including face-to-face communication, telephone calls, voice messages, e-mails, text messages, written letters, gifts or any other communications that are undesired and place another person in fear
- Use of online, electronic or digital technologies, including:
 - Posting of pictures or information in chat rooms or on Web sites
 - Sending unwanted/unsolicited email, text messages or talk requests
 - Posting private or public messages on Internet sites, social networking sites and/or school bulletin boards
 - Installing spyware on a complainant’s computer
 - Using Global Positioning Systems (GPS) to monitor a complainant;
- Pursuing, following, waiting or showing up uninvited at or near a residence, workplace, classroom or other places frequented by the complainant
- Surveillance or other types of observation including staring, “peeping”
- Trespassing
- Vandalism
- Non-consensual touching
- Direct verbal or physical threats
- Gathering information about an individual from friends, family, and/or co-workers; and,
- Threats to harm self or others, including pets.

Retaliation Prohibited

The College prohibits retaliation of any kind (including, but not limited to, intimidating, threatening, coercing or in any way discriminating) against those who file a complaint or third-party report of a violation of this Policy or who otherwise participate in the investigative and/or disciplinary process. The College will take strong responsive action, up to and including expulsion or termination of employment, if retaliation occurs.

Intimidation Prohibited

The College prohibits intimidation of any kind against any member of the College community with the purpose or intent of preventing that person from reporting a violation of this Policy; causing that person to withdraw a complaint or recant a statement related to the violation of this Policy; or discouraging participation in the College's investigative and/or disciplinary process.

The College will take strong responsive action if such intimidation occurs.

Note on First Amendment Rights

Nothing in this Policy restricts the rights of students, Mission Partners, and others under the United States Constitution, including under the First and Fourteenth Amendments.

COMPLAINT AND ADJUDICATION PROCEDURE**Right to an Advisor**

At all times during the complaint, investigation and adjudication process, the complainant and respondent each have the right to have an advisor present. This advisor can be anyone of the party's choosing, other than a member of the Title IX Team, who has agreed to serve that function, including an advocate, attorney, friend or family member. However, this advisor may not participate in the College's investigation or adjudication process other than by providing the party with advice and/or support.

Reporting Procedures

Any member of the College community who has been a victim of sexual misconduct, domestic or dating violence or stalking has a number of reporting options.

Formal Reporting to College

Prohibited Acts may be reported to the College by notifying any employee of the College, including the Title IX Coordinator. Kevin Stephens, the Title IX Coordinator, may be reached by phone at (309) 655-2291, or by email at kevin.n.stephens@osfhealthcare.org.

All employees of the College are required to notify the Title IX Coordinator of any notice they receive of a Prohibited Act while acting as employees of the College.

It should be noted that the College employs health care providers and priests as faculty members. Though discussions with these individuals outside the College, when they are providing health care services or pastoral counseling, may be confidential, any notice they receive of a Prohibited Act while they are acting as employees of the College will be reported to the Title IX Coordinator.

All such reports of Prohibited Acts will be investigated by the College as set forth in Section 0 "Investigation Procedures" on page 14 of this Policy.

Formal Reporting to Law Enforcement

Reports to law enforcement may also be made at any time, regardless of whether a report has been made to the College. The Rockford Police Department can be contacted at any time at (815) 966-2900. Rock Valley College (RVC) Campus Police are available at 815/921-4357. A list of other law enforcement agencies and support groups can be found in the "Know Your Rights" brochure.

Reports to law enforcement will not automatically be shared with the College by the police; therefore, if a victim of a Prohibited Act wishes for the College to also investigate the matter, s/he should also make a report to the College.

Privileged or Confidential Disclosures

The College encourages victims of Prohibited Acts to talk to somebody in order to get the support they need. Regardless of whether a victim wishes to make a report to the College and/or law enforcement, a number of resources are available for confidential or privileged discussions regarding Prohibited Acts. If a court approved restraining order is issued, a copy should be filed with the Dean of Support

Services (Title IX Coordinator) and the RVC Campus Police.

Third-Party Reporting

Anyone can report a Prohibited Act to the College, regardless of whether the person making the complaint was the victim of the Prohibited Act. Third-party reports may be made to any employee of the College, including the Title IX Coordinator.

Anonymous Reporting

Anyone, including a victim, can make an anonymous report of a Prohibited Act to the College by contacting the Title IX Coordinator and requesting to make an anonymous report. The complainant may request that this report be kept confidential and/or not be investigated by the College. If an individual discloses a Prohibited Act to the College but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted, the College, through the Title IX Coordinator, must weigh that request against the College's obligation to provide a safe, non-discriminatory environment for all students, including the victim.

The College's personnel, including faculty advisors and priests, MUST report any possible Title IX incidents to the Title IX Coordinator. If a student wants to talk to someone confidentially, that should be done through COMPSYCH or an off-campus counselor. The Title IX Coordinator makes the initial contact to see if an investigation needs to be completed and provide the complainant with local resources.

Amnesty

Any individual participating in the investigation or adjudication of a complaint involving an alleged Prohibited Act (including the complainant, respondent and witnesses) will be given amnesty from any student conduct policy of the College, including the College's drug and alcohol policy, for all acts discovered during the course of the College's investigation that are materially relevant to the Prohibited Act being investigated or adjudicated.

For example, should the College learn during an investigation into a reported sexual assault that the complainant and respondent were both violating the College's alcohol policies at the time of the incident, the College will grant amnesty to both complaint and respondent for that particular violation of the alcohol policy.

This grant of amnesty is intended to encourage open and honest reporting of information needed for the College to fully and fairly investigate allegations of Prohibited Acts.

Interim Safety and Accommodative Measures

Once the College has notice of a potential Prohibited Act, it will immediately seek to ensure that the complainant is safe and is being provided the resources that are needed, regardless of whether the victim wishes to make a formal complaint and/or participate in the College's investigation.

The College will remain ever mindful of the victim's well-being and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. The College will:

- Assist the victim in accessing available victim advocacy, academic support, counseling, disability, health or mental health services and legal assistance both on and off campus
- Provide other security and support, which could include issuing a no-contact order, helping

- arrange a change of working arrangements or course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments to assignments or tests
- Inform the victim of the right to report a crime to campus or local law enforcement and provide the victim with assistance if the victim wishes to do so

Because the College is under a continuing obligation to address Prohibited Acts campus-wide, reports of Prohibited Acts (including non-identifying reports) will also prompt the College to consider broader remedial action, such as: increased monitoring, supervision or security at specific locations; increased education and prevention efforts, including to targeted population groups; conducting climate assessments/victimization surveys; and/or revisiting its policies and practices.

Investigation Procedures

The College's Title IX Coordinator is responsible for overseeing the College's response to reports and complaints of Prohibited Acts.

Unless a complainant specifically requests that an investigation not take place, the Title IX Coordinator will order and oversee an investigation into any reports of Prohibited Acts. Should the complainant request that no investigation be performed, the Title IX Coordinator will exercise best efforts to comply with that request; however, should the nature of the facts known suggest an ongoing threat to the complainant or the campus community or otherwise demonstrate a compelling need to proceed with an investigation, the Title IX Coordinator may proceed with an investigation despite the complainant's request to the contrary.

Should the complainant wish to make a formal complaint but also request that her/his identity remain confidential, the ability of the College to investigate her/his complaint may be limited.

The Title IX Coordinator will choose an investigator to investigate alleged Prohibited Acts on a case-by-case basis. Any such investigator will be trained and qualified to perform investigations into the specific type of Prohibited Act being alleged and will be neutral and impartial. Investigations will be thorough and prompt. They will likely include interviews with the complainant, respondent and witnesses, and the gathering, review and analysis of relevant evidence. Investigations will be conducted with utmost attention to maintaining the privacy of complainants and respondents.

Consistent with the College's mission and values, the complainant and respondent will be provided equitable rights and will be treated fairly and respectfully throughout the investigation. Both complainant and respondent will receive notice of any formal investigation conducted in order to give both parties the opportunity to offer their accounts, provide names of witnesses and offer any other relevant evidence to the investigator. The College will not hold any hearing or quasi-judicial proceeding on these matters other than the investigation itself.

At the conclusion of the investigation, the investigator will provide a written report to the Title IX Coordinator setting forth her/his findings of fact and an opinion as to whether a Prohibited Act occurred. The investigator will use the preponderance of the evidence standard when making findings of fact and determining whether a Prohibited Act occurred. A "preponderance of the evidence" means that a particular finding is more likely than not (i.e., is supported by the greater weight of the credible evidence).

When weighing the evidence in a sexual misconduct matter, the investigator shall not take into

account evidence regarding the complainant's previous sexual behavior with persons other than the respondent if such evidence is presented for the purpose of disparaging the complainant's character or suggesting that it is more likely than not that the complainant would have consented to the act(s) at issue.

Adjudication Procedures

Upon receipt of the investigator's report, the Title IX Coordinator will meet with the College's Title IX Team, which will review the report and determine whether to adopt the findings of the investigator. Any member of the Title IX Team having a conflict of interest with respect to any party to the complaint that might cause a reasonable person to question her/his objectivity shall recuse her/himself from the adjudication of the particular matter.

Neither the parties nor their advisors are entitled to be present during the meetings of the Title IX Team. The Title IX Team will conclude that a Prohibited Act occurred only if it finds that such a conclusion is supported by a preponderance of the evidence.

In the event the Title IX Team concludes that a Prohibited Act occurred, it will determine the appropriate responsive action to be taken, which may include remedies and/or accommodations to the victim, remedies to the College community and sanctions for the person found in violation. Remedies to the victim may include but are not limited to continuation of interim measures, issuance of no-contact orders, allowing a student to withdraw from or retake a class without penalty, providing access to tutoring and providing access to counseling. Remedies to the College community may include but are not limited to training and educational programs, and implementation of additional safety or security measures. Sanctions against the respondent may include but are not limited to no-contact orders, suspension, dismissal, demotion and termination of employment, as applicable.

If the victim wishes, an appropriate responsive action may be mediation between the parties, facilitated by the College. However, mediation is not appropriate and will not be used if there has been a finding that a sexual assault occurred.

The Title IX Coordinator shall provide simultaneous written notice to the complainant and respondent of its conclusions and responsive actions, options and procedures for appeal, any changes to the result and when such results become final. For the purposes of this Policy, "simultaneous" shall mean as close together in time as reasonably possible without requiring the complainant and respondent to be physically present in the same place at the same time.

The College will not require a party to abide by any nondisclosure agreement, in writing or otherwise, that would prevent the re-disclosure of information related to the outcome of the adjudication.

Appeal Procedures

Either the complainant or respondent may appeal the Title IX Team's conclusions, sanctions or other responsive actions to the President of the College in writing within five (5) business days of receiving written notice of those conclusions and responsive actions from the Title IX Coordinator. However, an appeal may only be made on the following grounds:

- That a member of the Title IX Team had a conflict of interest that should have precluded him/her from participating in the adjudication.

- That additional relevant information has become available that was not considered by the investigator and/or Title IX Team.
- That the investigation and/or adjudication procedures set forth in this Policy were not followed by the investigator and/or Title IX Team.

Upon receipt of an appeal, the President of the College will either reject or accept the appeal within five (5) business days. The President of the College will use the preponderance of the evidence standard when considering the appeal.

Any rejection of an appeal by the President of the College shall be final.

In the event the President of the College accepts the appeal, s/he shall send the matter back to the Title IX Team with one of the following instructions: 1) that a member or members of the Title IX Team recuse her/himself; 2) that the Title IX Team send the matter back to the investigator for consideration of additional evidence; or 3) that the Title IX Team and/or investigator comply with the investigation and/or adjudication procedures set forth in this Policy, specifying what procedures have not been properly followed, and reconsider the matter using the proper procedures.

Timeframe

The College will strive to resolve any matter falling under this Policy within sixty (60) days of receiving notice of a Prohibited Act, including investigation, adjudication and appeal.

OPTIONS FOR ASSISTANCE

Options for Assistance Following a Sexual Assault or Other Prohibited Act

The College is committed to providing assistance to any member of the College community who is a victim of sexual misconduct or other Prohibited Act.

What to Do If You Are the Victim of Sexual Assault

In the immediate aftermath of a sexual assault, the most important thing is for the victim to get to a safe place. Whether it be the victim's home, a friend's home or with a family member, immediate safety is what matters most. When a feeling of safety has been achieved, it is vital for the victim to receive medical attention, and strongly recommended for the victim to receive a forensic examination.

DNA evidence is an integral part of a law enforcement investigation that can build a strong case to show that a sexual assault occurred and to show that the defendant is the source of any biological material left on the victim's body. Victims should make every effort to save anything that might contain the perpetrator's DNA and should not:

- Bathe or shower
- Use the restroom
- Change clothes
- Comb hair
- Clean up the crime scene
- Move anything the perpetrator may have touched

Even if the victim has not yet decided to report the crime, receiving a forensic medical exam and keeping the evidence safe from damage will improve the chances that the police can access and test the stored evidence at a later date.

Resources for Immediate Assistance

The resources below are available to anyone who has been the victim of sexual assault or any other Prohibited Act.

Title IX Coordinator

At the College (main campus and Guilford Square), the Title IX Coordinator, Kevin Stephens, can be contacted at 309/655-2291 or email kevin.n.stephens@osfhealthcare.org at any time to assist a victim in connecting with trained advocates and counselors who can provide an immediate response in a crisis situation, regardless of whether the victim wishes to make an official report or participate in the institutional disciplinary or criminal process.

The Title IX Coordinator can also provide assistance in contacting law enforcement, should the victim wish to do so. The victim has the right to decline to report to law enforcement.

The Title IX Coordinator can provide information to the victim about obtaining a no-contact order against the perpetrator, issued by a court. This option is available to the victim regardless of whether s/he wishes to make a formal complaint with the College or report the matter to law enforcement.

College Counselor

The College of Nursing offers easily accessible, *confidential* counseling support tailored to the unique needs of each student. Our licensed counselor listens to students' concerns and partners with students to help them build on their strengths and develop additional coping skills. *All counseling services are **free** to College of Nursing students.*

Students can schedule a counseling appointment by calling by calling the office (309) 655-7100, or emailing her at Sofia.L.Hoeft@osfhealthcare.org.

Employee Assistance Program (Available to Students Also)

The College's free and confidential Employee Assistance Program is available to both students and employees 24 hours per day, 7 days per week. This program provides individuals with the services of licensed professionals, including counselors and legal consultants, at no charge to the victim.

- [OSF HealthCare Employee Assistance Program](#)
(833) 475-0983

Off-Campus Advocates and Counselors

Immediate confidential assistance from off-campus advocates and counselors can be obtained from the following resources:

- [Rockford Sexual Assault Counseling, Inc.](#) (sexual assault resources)
(815) 636-9811
- [Remedies Renewing Lives](#) (domestic/dating violence resources)
(815) 921-4357

Law Enforcement

Regardless of whether a victim of sex-based harassment, sexual assault, sexual exploitation, domestic or dating violence or stalking wishes to make a report to the College, the option to report to local law enforcement is always available. Assistance can be obtained from law enforcement as follows:

- [Rock Valley College Campus Police](#)
Emergency: 911
Non-Emergency: (815) 921-4350
3301 N. Mulford Road
Rockford, IL 61114

In addition, there are Emergency Call Boxes throughout the RVC campus.

- [Rockford Police Department](#)
Emergency: 911
Non-Emergency: (815) 966-2900
420 West State Street
Rockford, IL 61101

Medical Care

Immediate medical care for treatment of injuries, preventative treatment for sexually transmitted diseases and other health care services can be obtained from the following resources:

- [OSF Saint Anthony Medical Center](#)
ER (815) 226-2000
5666 E. State Street
Rockford, IL 61108
- [UW Health SwedishAmerican Hospital](#)
ER (779) 696-2430
1401 E. State Street
Rockford, IL 61104
- [Mercy Rockford, Rockton Avenue](#)
2400 N. Rockton Ave.
Rockford, IL 61108
815/971-5000
- [Javon Bea Hospital-Riverside](#)
8201 E. Riverside Blvd.
Loves Park, IL 61111
815/971-7000

Each of these providers have trained Sexual Assault Nurse Examiners available to perform a rape kit in order to preserve evidence of a sexual assault. A victim of sexual assault does not need to make an immediate decision as to whether to seek criminal charges against a perpetrator; however, having a rape kit performed allows the victim the ability to preserve evidence should the victim choose to pursue criminal charges immediately or in

the future.

Resources for Ongoing Assistance

The resources below are available to anyone who has been the victim of sexual assault or any other Prohibited Act.

Title IX Coordinator

At the College, the Title IX Coordinator can be contacted by phone at (309) 655-2291 or by email at kevin.n.stephens@osfhealthcare.org to help a victim of a Prohibited Act connect with trained advocates and counselors who can provide ongoing assistance, regardless of whether the victim wishes to make an official report or participate in the institutional disciplinary or criminal process.

Employee Assistance Program (Available to Students Also)

Ongoing counseling and other assistance can also be obtained on-campus by contacting the College's Employee Assistance Program, which is a confidential resource available to both students and employees, at 1-800-475-0983. For online resources go to www.guidanceresources.com.

Off-Campus Advocates and Counselors

Ongoing confidential assistance from off-campus advocates and counselors can also be obtained from the following resources:

- [Rockford Sexual Assault Counseling, Inc.](#) (sexual assault resources)
(815) 636-9811
5301 E. State Street Rockford,
IL 61108
- [Rape, Abuse and Incest National Network \(RAINN\)](#)
(800) 656-HOPE (4673)
- [Remedies Renewing Lives](#) (domestic/dating violence resources)
(815) 962-6102
220 Easton Parkway
Rockford, IL 61108
- [Illinois Domestic Violence Help](#)
(877) 863-6338
(877) 863-6339 (TTY)
- [Family Peace Center](#)
(779) 348-7600
- [Prairie State Legal Services](#)
(815) 965-2902

REPORTING AND CONFIDENTIALITY

Talking About What Happened

The College encourages victims of sexual assault and other Prohibited Acts to talk to somebody in order to get the support they need, and so the College can respond appropriately.

This Policy is intended to make the College community aware of the various reporting and confidential disclosure options available – so individuals can make informed choices about where to turn should they become a victim of a Prohibited Act. The College encourages victims to talk to someone identified in one or more of these groups.

The Options

Privileged and Confidential Communications

Victims who wish to speak with someone in confidence without triggering an investigation by the College have several options.

Professional Counselors

Professional, licensed counselors who provide mental health counseling (including those who act in that role under the supervision of a licensed counselor) will not report any information about an incident to the College without a victim's permission.

Following is the contact information for these individuals provided by the College at no charge to the victim:

- [OSF HealthCare Employee Assistance Program](#)
(800) 475-0983 (This service is available to students as well as employees of the College.)
- Additional resources now include Silver Cloud. OSF SilverCloud is an easy online, immediate, secure, anonymous, and interactive digital platform to help you manage the feelings and causes of depression, anxiety, and stress. Offered as a powerful resource for Mission Partners and students, it can be used to reach out, talk to a provider, get a referral for a counselor, or it can be used to self-guide/watch video. The **free** app is available via phone, tablet, or computer and consists of up to seven interactive modules. **You can sign-up on the OSF Website!**
www.osfhealthcare.org/mental-health/resources/silvercloud. Or call OSF Benefits: 877-683-5999

Exceptions to Confidentiality

While professional and non-professional counselors and advocates may maintain a victim's confidentiality with respect to the College, they may have reporting or other obligations under state law. Examples of such instances under Illinois law include the following:

- Physicians, nurses and/or medical facility administrators are required to notify local law enforcement when an individual who is not accompanied by a law enforcement official requests treatment at a medical facility and reasonably appears to be the victim of a crime; and
- Physicians, clinical psychologists, and other qualified examiners must report to the Illinois Department of Human Services any person who is determined to pose a clear and present danger to himself, herself or others. Other categories of individuals, including therapists, are legally permitted to disclose information when they determine such disclosure to be necessary in order to protect against an imminent risk of injury to self or others. Such disclosure may include disclosure to law enforcement.

Communications Which Are Not Privileged or Confidential Reporting to a College Employee

When a victim tells a College employee about a Prohibited Act, the victim can expect the College to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A College Mission Partner must report to the Title IX Coordinator all relevant details about the incident shared by the victim that the College will need to determine what happened – including the names of the victim and alleged perpetrator(s), any witnesses and any other relevant facts, including the date, time and specific location of the alleged incident.

To the extent possible, information reported to a College Mission Partner will be shared only with people responsible for handling the College’s response to the report. A College Mission Partner should not share information with law enforcement without the victim’s consent or unless the victim has also reported the incident to law enforcement.

Before a victim reveals any information to a College Mission Partner, the Mission Partner should try to ensure that the victim understands the Mission Partner’s reporting obligations – and, if the victim wants to maintain confidentiality, direct the victim to confidential resources.

If the victim wants to tell the College Mission Partner what happened but also maintain confidentiality, the Mission Partner should tell the victim that the College will consider the request but cannot guarantee that the College will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the Mission Partner will also inform the coordinator of the victim’s request for confidentiality.

College Mission Partners will not pressure a victim to request confidentiality, but will honor and support the victim’s wishes, including for the College to fully investigate an incident. By the same token, College employees will not pressure a victim to make a full report if the victim is not ready or does not wish to do so.

Requesting Confidentiality from the College

If a victim discloses an incident to a College employee but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the College, through the Title IX Coordinator, must weigh that request against the College’s obligation to provide a safe, non-discriminatory environment for all students, including the victim.

If the College honors the request for confidentiality, a victim must understand that the College’s ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited.

Although rare, there are times when the College may not be able to honor a victim’s request for confidentiality in order to provide a safe, non-discriminatory environment for all students. The College’s Title IX Coordinator will evaluate requests for confidentiality once an employee is on notice of alleged Prohibited Act. When weighing a victim’s request for confidentiality or request that no investigation or discipline be pursued, the Title IX Coordinator will consider a range of factors, including the following:

- The increased risk that the alleged perpetrator will commit additional acts of misconduct or violence, such as:

- whether there have been other complaints about the same alleged perpetrator
- whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of violence
- whether the alleged perpetrator threatened further sexual violence or other violence against the victim or others
- whether sexual violence was committed by multiple perpetrators
- Whether sexual or other violence was perpetrated with a weapon
- Whether the victim is a minor
- Whether the College possesses other means to obtain relevant evidence (e.g., security cameras or personnel, physical evidence)
- Whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group

The presence of one or more of these factors could lead the College to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the College will likely respect the victim's request for confidentiality.

If the College determines that it cannot maintain a victim's confidentiality, the College will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the College's response. The College will not require a victim to participate in any investigation or disciplinary proceeding if the victim does not wish to do so.

If the College determines that it can respect a victim's request for confidentiality, the College will also take immediate action as necessary to protect and assist the victim.

Saint Anthony College of Nursing will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the institution's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the College in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the institution will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

State of Illinois

Information about protection under Illinois law:

- Domestic violence and dating violence information can be found at [Illinois Attorney General - Illinois Domestic Violence Act \(state.il.us\)](#) and [Illinois Attorney General - Illinois Domestic Violence Act \(state.il.us\)](#)
- Responding to sexual assault can be found at [Improving Response to Sexual Assault Crimes in Illinois \(illinoisattorneygeneral.gov\)](#)
- Stalking information can be found at [How Illinois Law Can Protect You From Stalking \(illinoisattorneygeneral.gov\)](#)

Miscellaneous

Take Back the Night and Other Public Awareness Events

Public awareness events such as “Take Back the Night,” the Clothesline Project, candlelight vigils, protests, “survivor speak outs” or other forums in which students disclose incidents of sexual violence are not considered notice to the College of sexual violence for purposes of triggering its obligation to investigate any particular incident(s). Such events may, however, reveal the need for campus-wide education and prevention efforts, and the College will provide information about students’ Title IX rights at these events.

Clery Act Reporting

Certain campus officials have a duty to report sexual misconduct and certain other Prohibited Acts for federal statistical reporting purposes under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the "Clery Act"). All personally-identifiable information is kept confidential – neither the identity of the victim or offender are ever revealed in the College's annual Campus Security Report – but statistical information regarding the type, date and general location of the incident (i.e., on-campus, off-campus, etc.) may be published. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety.

Emergency Notifications and Timely Warnings

College administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a substantial threat of bodily harm or danger to members of the campus community. The College will ensure that a complainant’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger. When it has been determined that a crime creates a threat of continuing danger to the campus community, a crime alert will be posted throughout the campus, and an e-mail will be sent to the campus community. The Dean of Support Services, after agreement with the President, will be responsible for issuing the timely warnings.

TITLE IX COORDINATOR

Role of the Title IX Coordinator

Pursuant to federal law¹, the College’s Title IX Coordinator has primary responsibility for coordinating the College’s efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator oversees the College’s response to reports and complaints that involve possible sex discrimination to monitor outcomes, identify and address any patterns, and assess effects on the campus climate, so the College can address issues that affect the wider school community.

A member of the College community should contact the Title IX Coordinator in order to:

- Seek information or training about individuals’ rights and courses of action available to resolve reports or complaints that involve potential sex discrimination, including Prohibited Conduct
- File a complaint or make a report of sex discrimination, including Prohibited Conduct
- Notify the College of an incident or policy or procedure that may raise potential Title IX concerns
- Get information about available resources (including confidential resources) and support services relating to sex discrimination, including Prohibited Conduct
- Ask questions about the College’s policies and procedures related to sex discrimination, including this Policy

Functions and Responsibilities of the Title IX Coordinator

The Title IX Coordinator's functions and responsibilities include the following:

Training for Those Involved in Title IX Matters

The Title IX Coordinator will monitor that appropriate training, as mandated by federal or state laws, will be provided to:

- The Title IX Coordinator
- The Title IX Investigator(s)
- All members of the Hearing Committee
- The President (as part of the Appeal Process)

Training for Students and Mission Partners

The Title IX Coordinator provides or facilitates ongoing training, consultation and technical assistance on Title IX for all students and Mission Partners, including:

- Regular training for Mission Partners outlining their rights and obligations under Title IX, including the appropriate response to reports of sexual harassment, the obligation to report sexual harassment to appropriate College officials and the extent to which counselors and advocates may keep a report confidential.
- Regular training for students outlining their rights under Title IX; with regard to sexual harassment, this training will include: what constitutes sexual harassment and when it creates a hostile environment, the definition of consent, reporting options (including reports to Mission Partners, campus and local law enforcement, and confidential reporting to counselors or advocates), the grievance procedures used to process complaints, applicable disciplinary code provisions relating to sexual harassment and the consequences of violating those provisions, the role of alcohol and drugs in sexual harassment, the effects of trauma, strategies and skills for bystander intervention, the offices or individuals with whom students can speak confidentially, the offices or individuals who can provide support services, the Mission Partners who must report incidents to the Title IX coordinator and Title IX's protections against retaliation.

Investigations

The Title IX Coordinator oversees many aspects of this process in connection with the reporting and investigatory processes under Title IX, including:

- Determining whether the report or complaint alleges conduct that may, upon investigation, constitute Prohibited Conduct
- Appointing an investigator upon such determination
- Making certain that individual reports and complaints are handled properly and in a prompt and timely manner
- Informing all parties regarding the grievance process
- Confirming that all parties have been notified of any determination as a result of the grievance process and of the right to, and procedures for, appeal, if applicable
- Maintaining information and documentation related to the investigation in a secure manner; and
- Monitoring compliance with timeframes specified in the grievance procedures
- The Title IX Coordinator also evaluates requests for confidentiality by those who report or complain

about Prohibited Conduct in the context of the College's responsibility to provide a safe and nondiscriminatory environment for all students

Remedies, Including Interim Supportive Measures

Upon learning of a report or complaint of Prohibited Act Conduct, the Title IX Coordinator will promptly take steps to ensure the complainant and respondent's equal access to the College's programs and activities and to protect the complainant, as necessary. Such steps include taking interim supportive measures before the final outcome of any investigation, providing remedial measures after the final outcome of investigation and making the complainant aware of all available resources, including victim advocacy, academic support, counseling, disability services, health and mental health services, and legal assistance.

Upon a determination that a policy violation occurred, the Title IX Coordinator determines whether campus-wide remedies should be adopted in response, including review and revision of the College's policies, increased monitoring, supervision or security at specific locations, and increased education and prevention efforts.

Monitoring and Advising

In order to address sexual harassment on campus and ensure ongoing compliance with Title IX, the Title IX Coordinator:

Coordinates campus climate surveys;

- Analyzes data collected by any climate surveys to assess the rates and nature of sexual harassment, any location hot-spots or risk factors; knowledge of the College's sexual harassment policies, procedures and resources and the consequences of violating such policies; and the effectiveness of the College's efforts to ensure that the College is free from sexual harassment
- Reviews regularly all reports and complaints raising potential Title IX issues throughout the College to ensure that the College responded consistent with its Title IX obligations, even if the report or complaint was initially filed or raised with another individual
- Reviews regularly all reports and complaints raising potential Title IX issues throughout the College to identify and address any patterns
- Reviews regularly the College's policies and procedures to ensure that they comply with the requirements of Title IX
- Organizes and maintains files related to grievances, reports, complaints and other records of potential sex discrimination, including sexual harassment, in a secure manner
- Assesses regularly the College's compliance with, and the effectiveness of, policies and procedures related to sex discrimination, including sexual harassment, and recommends modifications where appropriate
- Consults regularly with the President of the College and campus stakeholders to promote campus-wide awareness and discussion of Title IX-related issues, and develop and implement any modifications of policies and procedures to prevent and eliminate sex discrimination, including sexual harassment; and
- Ensures that appropriate policies and procedures are in place for working with local law enforcement and coordinating with local victim advocacy organizations and service providers, including rape crisis centers.

Conflicts of Interest

In the event that the incident, policy or procedure about which the student seeks to file a report or complaint creates the appearance of a conflict of interest with one of the members of the Title IX Team, students may contact any other member of the team or notify the President of the College.

PREVENTION, EDUCATION AND TRAINING

The College is committed to providing prevention training and education to its community, including training on this Policy. The Title IX Coordinator shall ensure that training or educational programs are available to students and employees on an at least yearly basis on the topics of sexual harassment, sexual assault, domestic/dating violence and/or stalking. The Title IX Coordinator shall also ensure that the Title IX Team and all employees receive adequate training on issues related to sexual harassment, sexual assault, domestic/dating violence and stalking, as well as on this Policy.

Primary Prevention and Awareness Programs

Saint Anthony College of Nursing provides mandatory programs for undergraduate students during the new Student Orientation in August and January. Undergraduate, pre-licensure students must attend or do a make-up assignment based on the materials covered. Graduate students and RN-to-BSN students are invited to these programs, but not required to attend.

An introduction to ComPsych, the organization that provides the College's Employee Assistance Program (EAP) was presented to students, as the same benefit is available to them as a 24-7 resource. An online series of video clips for prevention techniques (avoiding dangerous situations, bystander responsibilities, etc.) as assigned to all undergraduate students. On October 3, 2022, all undergraduate students were assigned a mandatory Substance Abuse module to review and complete by November 4, 2022. The same expectations were assigned on February 27, 2023, and due on March 31, 2023

All new Mission Partners are required to meet with the Dean of Support Services during their orientation process. A part of that meeting is information on Title IX, VAWA and FERPA. In addition, all faculty and staff attended a mandatory session to update them on Title IX and FERPA (held at the fall gathering before classes begin).

Areas for Improvement

The pandemic provided the College with the opportunity to review how mandatory/regulatory information was presented to students. In 2021 the "College Hour" (non-credit course required for all undergraduate pre-licensure students) was redesigned using input from best practices for online learning and feedback from students about previous sessions. Students are able to evaluate the "College Hour" course, but there were no specific comments regarding the Title IX program this semester. The Associate Dean will retire on 8/31/23. The new Supervisor for Support Services will need to continue to monitor the College Hour events for improvement.

ADMINISTRATIVE CONTACTS

While the College strives to be able to resolve any complaints of Prohibited Acts within the organization, the College acknowledges the right of an aggrieved person to contact federal or state entities for purposes of discussing and potentially filing a formal complaint.

An aggrieved individual may file a charge of sexual harassment with the Illinois Department of Human Rights and/or the Federal Equal Employment Opportunity Commission.

[Illinois Department of Human Rights](#)

555 W. Monroe Street, 7th floor
Chicago, IL 60661
Telephone: (312) 814-6200

Sex Offender List

Saint Anthony College of Nursing reviews the list sent by the Winnebago County Sheriff's Office for any sex offender attending local colleges. This list is in the Dean of Support Services office and may be reviewed upon request. If a current student is listed, that part of the list would be posted both at Guilford Square (commons area) and in the student lounge on the main campus. Rock Valley College Campus Police post a copy of the list in the Support Services Building (SSB). The list from the State of Illinois may be found at [Disclaimer \(illinois.gov\)](#).

Alcohol and Substance Abuse

The health and safety of our students, patients, visitors and employees is of paramount concern. Saint Anthony College of Nursing will not tolerate drug or alcohol use that imperils the health and well-being of its students, patients, visitors and employees.

It is the policy of Saint Anthony College of Nursing that the unlawful possession, use, or distribution of drugs and alcohol by students and employees on the SACN campus of Saint Anthony College of Nursing, at a clinical site, a College-sponsored event, community service event, or at any of the activities of the institution is prohibited.

In response to the "Drug-Free Schools and Communities Act Amendments of 1989," Public Law 101-226, Saint Anthony College of Nursing annually distributes the following information to each student and employee:

- Clearly state that the standards of conduct at the College of Nursing prohibit the unlawful possession, use, or distribution of drugs and alcohol by students and employees on campus or at any campus activities.
- Describe the health risks associated with the use of illicit drugs and the abuse of alcohol.
- Describe the drug and alcohol counseling treatment, or rehabilitation programs that are available to students and employees.
- Describe the legal sanctions under local, State, and Federal law for unlawful possession, use, or distribution of illicit drugs and alcohol.
- Describe the sanctions Saint Anthony College of Nursing will impose on students and employees for violation of this Policy.

Description of the health risks and legal issues are available through internet links on the College's website at <https://www.osfhealthcare.org/sacn/about/consumer-information/>. Upon admission or hire, all students and employees must sign a form verifying that they have read the Drug and Alcohol information provided on the College's website. In addition, each fall the Dean, Support Services will disseminate updated information and collect an acknowledgement from every student and employee that they have received the updated information. The undergraduate students were assigned a mandatory module on substance abuse on October 18, 2021.

A biennial review of the College's drug and alcohol policies and program will be conducted by the Dean, Support Services, and reports filed with federal and/or state agencies as required.

Any questions regarding this document or how to file a report, please call the Title IX Coordinator at (309) 655-2291.
