Transforming Care

Transforming care in Bloomington-Normal for over 144 years, OSF St. Joseph has undertaken a \$17.8 million, 25-bed expansion that is expected to be completed in 2026. This expansion is a strategic move that will allow OSF St. Joseph to continue to grow

and positions the medical center as a regional referral hub in the 16-hospital OSF Ministry. OSF St. Joseph continues to grow its robust physician and advanced practice provider platforms to meet the health care needs of our community. This includes opening OB/GYN and midwife clinics, growing our acute care surgery and neurosurgery services and expanding access to primary and urgent care. Our orthopedic and sports medicine teams are the exclusive health care providers for Illinois State University and Illinois Wesleyan University athletic programs.
