

HEALTH CARE TOUCHES US ALL

We know that specialty drugs can be complicated. That's why we provide you with the highest level of custom care. To make sure you have the guidance, clarity and peace of mind to manage your condition well and live a healthier, happier life. Our experienced pharmacists and care team understand your chronic condition and the drug used to treat it. We also work with your doctor to make sure your Rx use is safe and effective.

OUR SERVICES INCLUDE:

Pre-therapy Screening

We work to keep you safe. We will review your lab reports to make sure they are within normal limits before you begin therapy. If there are any concerns, we'll contact your doctor.

Drug Delivery

Most specialty drugs require special packaging, handling and shipping. We make this process easy by delivering directly to you. We'll track the shipment and let you know when your drug will arrive.

Drug And Condition Support

You'll receive a care plan with goals to help you through every treatment step and our pharmacists will teach you how to properly use your drugs. We also provide support in managing side effects or reactions with other drugs you may be taking.

Refill Reminders

We'll remind you about refills by phone or text before you run out of your Rx.

support program, delivered by our chronic condition experts, that provides you with the best care.

OSF HealthCare partners with Lumicera Health Services to provide an exceptional experience for patients receiving specialty medications. Together the specialty pharmacy team works with your providers and nurses to optimize care and coordinate treatment.

Connecting With Your Doctor

As part of your care team, we have access to your medical records and lab results. This allows us to directly talk with your doctor to make sure your drugs match their instructions.

Prior Authorization And Financial Assistance

We will work with your provider's office to coordinate prior authorization to get you the medication you need quicker. We will work with all available financial resources and programs to assist getting the medication for you at a cost you can afford.
