

Mission Partner GIVING

ONE TEAM • ONE SPIRIT • ONE MISSION

WHY I GIVE

Stephanie Dotson

Director of OSF Rehabilitation for Eastern Region
OSF HealthCare St. Joseph Medical Center, Bloomington

I have been a Mission Partner for nearly 25 years and currently serve as the Director of OSF Rehabilitation – Eastern Region, overseeing rehabilitation services at SJMC, SJJWAMC, HMMC and SHMC.

I am inspired by the people in our community who rely on us for care. Giving through Mission Partner Giving strengthens my connection to the OSF Mission, knowing my donation helps ensure every patient receives care, regardless of their ability to pay. I hope to lead by example and show that giving doesn't have to be a financial burden—small contributions can add up to make a significant impact.

The OSF Mission guides not only how we care for patients but also how we navigate challenges. In Rehabilitation Services, I love seeing patients regain their independence and creating an environment where clinicians feel inspired to grow, and patients feel welcomed and valued.

Thanks to Mission Partner Giving, our Rehabilitation Services has been able to purchase essential equipment for our therapy gym spaces, prone pregnancy pillows for our pelvic floor therapy program, software upgrades for patient care programs, and other necessary supplies that fall outside of our regular budget. In the end, it's the patients who benefit most. I encourage every Mission Partner to give, even a small amount—because what may seem minor to us can make a world of difference to a patient in need.

ONE DONATION *can make all the difference!*
