

Spring 2026 Registration Guide

Graduate Students

A Tradition of Excellence in Nursing Education

Registration Due Date: October 9, 2025

ADVISEMENT / REGISTRATION

Registration Process

Students will **register online in SONIS beginning Monday, October 6, 2025 at 8 am to Thursday, October 9, 2025 at 4 pm.**

Academic Advisement

- All currently enrolled graduate students will receive an email from their academic advisor with courses to register for in SONIS based on their plan of study.
- It is the student's responsibility to contact their Academic Advisor with questions or to make changes to their plan of study.
- Choose classes by checking the Spring 2026 Class Schedule for the classes you need and the time and location most convenient.
- The 'hold' on registration will be released prior to online registration dates.
- Students will not be able to register if they have delinquent financial obligations to the College or to financial aid programs.
- The College reserves the right to limit enrollment in sections and to cancel a section for which there are insufficient registrations. **The College reserves the right to change or adjust course, clinical or lab schedules of students, as needed. You will be notified of changes to your schedule via email.**

Student Account

- Student Account payment is **due December 12th for the Spring 2026 semester.** Please contact Student Accounts at 309-655-2344 to make payment arrangements. A monthly late charge of \$25 will be applied to any unpaid balance.
- Students enrolled in 6 credit hours or more may be eligible for federal student loans or other financial assistance. The FAFSA must be filed, and the financial aid process complete which may take several weeks. For more information, please contact the Student Finance Office at 309-624-9932.
- OSF Mission Partners utilizing Guild Education benefits for the first time must complete the Guild application at osf.guildeducation.com.

Spring 2026 Academic Calendar

Spring Tuition Due	December 12, 2025
Faculty Return	January 5, 2026
BSN New Student Orientation	January 8 or 9, 2026
Classes Begin.....	January 12, 2026
Last Day to Change Registration (Add/Drop).....	January 16, 2026

Last Class Day Before Spring Break	March 6, 2026
Spring Break	March 9-13, 2026
Classes Resume.....	March 16, 2026
Last Day to Withdraw with "W".....	March 27, 2026
Good Friday Holiday	April 3, 2026
Classes End.....	May 8, 2026
Final Examinations	May 11-15, 2026
Graduate Program Recognition Dinner.....	May 15, 2026
Commencement	May 16, 2026

Course Formats

Graduate courses are online and offered in the following formats:

- Asynchronous courses where the students and faculty are not in the course at the same time and do not meet live at all. The asynchronous format allows students to access the course and make their contributions on their own schedule. While the course has due dates for assignments and discussions, none of the class is conducted live. The asynchronous format is delivered using the College's learning management system (LMS). All assignments, discussions etc. are in the LMS.
- Hybrid courses are mostly asynchronous meaning students and faculty are not in the course at the same time but will meet live synchronously for some classes, via a videoconferencing system during the first week and additional times during the semester. The asynchronous portion of the class will be conducted using the College's learning management system (LMS). The synchronous portion of the class allows students to attend class in a live "classroom" setting from the comfort of their home or office.
- Synchronous courses where students and faculty are in the course at the same time and meet live each week via videoconferencing. The synchronous option allows students to attend class in a live "classroom" setting from the comfort of their home or office.
- Practicum courses are completed at a predetermined clinical site with a preceptor. Each practicum course requires completion of a different number of practicum hours. The number of required practicum hours is found in the course description located in the College Catalog.
- Faculty will notify students of live meeting dates. Any questions about meeting dates should be directed to the faculty teaching the course.

Minimum Computer Requirements

All College of Nursing courses require the use of a computer and an email account. The student's computer must have adequate Internet bandwidth. Students may need to purchase a webcam and microphone if these features are not already built into the computer. Students are required to use an "appropriate headset" connected by USB and a microphone for all courses that use videoconferencing. The minimum computer requirements can be found in the current College of Nursing catalog or on the College website.

GRADUATE COURSES

Times for courses are in Central Standard Time (CST).

Course	Sec	Title	Credits	Instructor	Seats	Format
450	1	Transition to Advanced Nursing Practice	4	Freehill	25	ASYNCR

Registration Considerations

- Once registration is completed, you can print a copy of your schedule.
- Other students will be registering at the same time. Course seats may fill up while you are in process.
- If you finalize a course and need to switch courses (or sections), you will need to email the Registrar at donna.r.neff@osfhealthcare.org
