

# OSF HealthFlow AI

Jonathan Handler, MD, Roopa Foulger, and the Clinical Intelligence Team

OSF Innovation – Clinical Intelligence and Advanced Data Lab

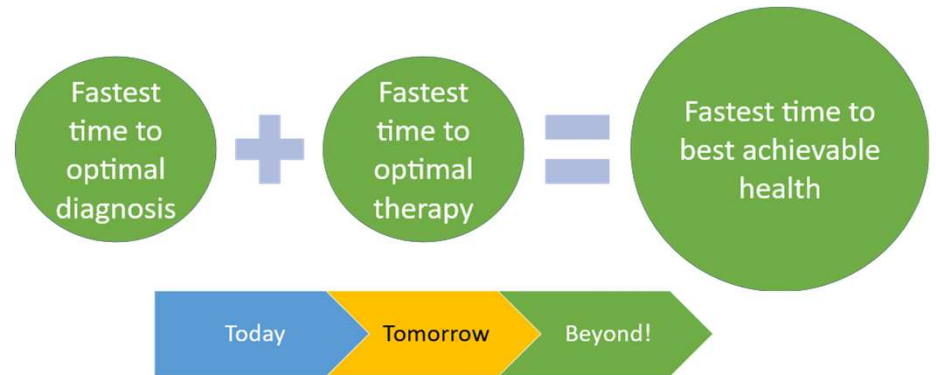

## TOMORROW

The problem: health care dysfunction causes patient suffering

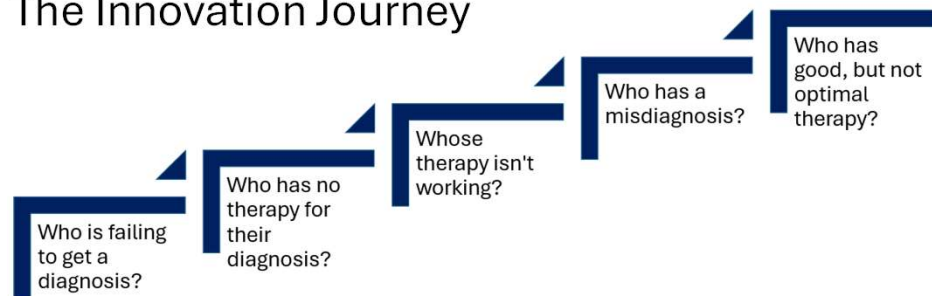

Example: patient with palpitations suffers multiple doctor visits before correct diagnosis and effective treatment

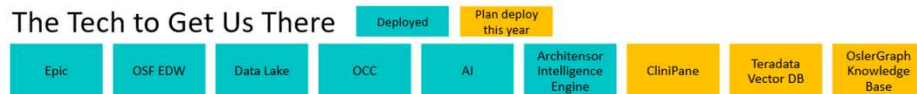

Goal for **every** encounter and **every** patient

The Innovation Journey

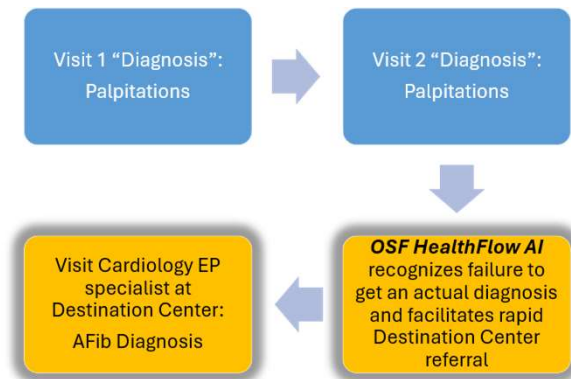

The Tech to Get Us There

Patient impact: faster return to great health

Patient with palpitations gets faster, effective care with the help of this **agentic AI**

OSF INNOVATION

OSF HEALTHCARE
